"Where neighbors help neighbors build community."

Councilmember Steve Frate, Glendale Arizona

January 22, 2010

THE CITRUS ZESTIVAL, ORIGINALLY SCHEDULED ON SATURDAY, JAN. 23 HAS BEEN POSTPONED UNTIL NEXT SATURDAY, JAN. 30, FROM 10 A.M. TO 2 P.M. DUE TO THE WEATHER.

Community Meetings on New F-35 Jets at Luke AFB. Residents, businesses and government agencies will have the opportunity to provide input on the environmental study that will soon be conducted at Luke Air Force Base as part of the Air Force's site selection process for the new F-35 Joint Strike Fighter.

The Air Force recently announced that it will be holding five public meetings, referred to as public-scoping meetings, February 22-26 in five communities near Luke AFB and its operations.

Public-scoping meetings are just the beginning.

The upcoming meetings are part of the Environment Impact Statement process, which is required by federal law whenever a mission or aircraft change is proposed at a military base. The purpose of the public-scoping process is to actively involve citizens and government agencies in helping identify the "scope" of the issues to be addressed during the environmental analysis at Luke. These meetings will provide you with an introduction to the F-35, its capabilities and mission. Specific information on how the F-35 will be integrated at Luke as a training facility will also be covered.

Meeting Dates:

- Monday, February 22 in Gila Bend
- Tuesday, February 23 in El Mirage
- Wednesday, February 24 in Sun City West
- Thursday, February 25 in Wickenburg
- Friday, February 26 in Litchfield Park

Meeting times and locations will be published in the local news media at least two weeks prior to the meetings, according to the Air Force. All West Valley cities are encouraging their residents to attend one of the upcoming meetings. [Read more.](#)

Sand bags can be obtained at three locations in the city;

- Orangewood Park, located at 55th Avenue and Orangewood
- Glendale Community Center, located at 59th Avenue and Hearn
- Bonsal Park, located at 59th Avenue and Bethany Home Road

We also have some simple safety reminders to share:

- Never drive into a flooded area. Just two feet of water can float a large vehicle. STOP, TURN AROUND, AND FIND A DIFFERENT ROUTE.
- Stay informed of weather conditions and plan ahead.
- Be patient while driving. Flooded areas are usually accompanied with slick road conditions.
- If you are caught in swift water, call 911 and stay in your vehicle. Just 6 inches of swift water is enough to knock a person off of his/her feet.

Remember, in the event of a power outage, traffic lights can be affected. If this occurs along the route you are driving, stop at the intersection and make sure the way is clear before you proceed. An intersection with non operational lights should be treated as a 4-way stop.
